

Registration

Registration fee (including lunch)

BSGIE members	free
Non-members	25 euro
Fellows in training (non-members)	10 euro
Nurses	10 euro

Bank transfer before January 10, 2008
on account number 350-1043500-93,
"BSGIE symposium janvier 2008"

Please mention:
«BSGIE annual meeting 2008».

IBAN: BE98 3501 0435 0093
CODE BIC: BBRUBEBB

Registration

Mme P. Cuypers
Department of gastroenterology
Clinique Reine Fabiola, 9
1340 Ottignies
Belgium

Call for videos

Submit a video of a unique endoscopic procedure.
Videos (on DVD, max. duration 8 min.) should be sent
before December 15th to:

D. De Looze
Department of gastro-enterology
University Hospital Ghent
De Pintelaan 185
9000 Ghent

National endoscopy survey

Be numerous to answer the national BSGIE survey
on endoscopic units: www.bsgie.org/survey

Venue - Itinerary

Coming from Brussels – Luxembourg (E 411):

E 411, exit 11 (Gembloux, Tienen, Jodoigne, Perwez)

Take N 29 towards Gembloux

At the roundabout, turn left (N4, towards Namur)

Next traffic lights, turn right (avenue Marechal Juin)

Next traffic lights, turn right (avenue de la Faculté d'Agronomie)

Parking Espace Senghor is 50 m left

Coming from Mons-Liège (E 42):

E 42, take exit 12 (Gembloux, La Bruyere, Namur)

Continue along N4 towards Gembloux, Brussels

Arrival in Gembloux

Continue along N4, about 1.4 km

At the last traffic lights, turn left (Avenue Marechal Juin)

Next traffic lights, turn right (avenue de la Faculté d'Agronomie)

Parking Espace Senghor is 50 m left

Coming from Charleroi:

N29 (towards Gembloux)

In Gembloux, take the tunnel under the railway.

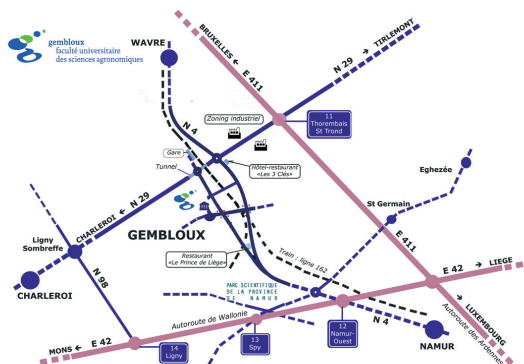

At the roundabout, turn right (N4, towards Namur)

Next traffic lights, turn right (Avenue Marechal Juin)

Next traffic lights, turn right (avenue de la Faculté d'agronomie)

Parking Espace Senghor is 50 m left

Access to Parking Espace Senghor
via «Avenue de la Faculté d'Agronomie»
not via «Passage des déportés»

Introduction

Dear colleagues,

On behalf of the board of the Belgian Society of Gastro-intestinal Endoscopy, I'm happy to invite you to our annual symposium 2008 which will be held in Gembloux.

The theme of this year's symposium will be "From everyday endoscopic practice to challenging clinical conditions".

We will start from our daily routine practice of endoscopy and address the following question: in what conditions and with which infrastructure do we practice endoscopy in our country ? The results of a national survey will be presented as introduction to the symposium. This will be followed by a lecture on the conception of an up-to-date endoscopy unit.

Endoscopy has much evolved during the past years with the development of exciting techniques, broadly debated in congresses and literature. However, the indications of these techniques remain rare and the question of getting the right expertise (as well in the adequate practice of the technique as in the choice of the right indications) remains a challenge. Some of these challenging conditions will be addressed by experts who will share their experience with us: high grade oesophageal dysplasia, salvage therapy of variceal bleeding, large duodenal and rectal adenoma, how to bypass the papilla, biliary complications in pregnancy, difficult upper and lower GI strictures and endoscopic management of perforations.

We are looking forward to seeing you in Gembloux and hope that you will take the time to enjoy the historical interest of the place, only a few steps away from the center of our country .

Dr. De Koninck Xavier

Program

08.30 Registration / Welcome coffee

09.00 Introduction
X. De Koninck (St. Pierre, Ottignies)

The endoscopy unit

Chairs: D. Urbain (UZ, Brussels) and
P. van der Spek (OLVZ, Aalst)

09.05 The endoscopy unit in Belgium:
results of a national survey
X. De Koninck (St. Pierre, Ottignies)

09.20 Organisation of an endoscopy unit
O. Le Moine (Erasmé, Brussels)

Challenging oesophageal conditions

Chairs: M. Buset (St. Pierre, Brussels) and
E. Macken (UZ, Antwerp)

09.40 Esophageal high grade dysplasia in a young patient:
endoscopic therapy or surgery?
B. Weusten (St. Antonius Hospital, Nieuwegein)

10.10 Refractory benign oesophageal strictures:
repeated dilatations or stenting?
D. De Looze (UZ, Ghent)

10.30 Stenting as salvage therapy in variceal bleeding
R. Hubmann (Allgemeines Krankenhaus der Stadt Linz, Austria)

10.50 Coffee break

Challenging duodenal and bilio-pancreatic conditions

Chairs: P. Deprez (UCL, Brussels) and
V. Gillard (CHU Sart Tilman, Liège)

11.20 Endoscopic treatment of neoplastic lesions
in the duodenum
T. Ponchon (CHU, Lyon)

11.50 Bypassing the papilla: gastro-hepatic and
gastro-pancreatic stenting
J. Devière (Erasmé, Brussels)

12.10 Symptomatic cholelithiasis during pregnancy
W. Van Steenberghe (KUL, Leuven)

12.30 BSGIE General Assembly
D. Urbain, P. van der Spek, V. Lamy

12.50 Lunch

State-of-the-art lecture

Chairs: O. Le Moine (Erasmé, Brussels) and
D. De Looze (UZ, Ghent)

14.00 Endoscopic management of
iatrogenic perforations
P. Deprez (UCL, Brussels)

Lower GI tract and video forum

14.40 Endoscopic treatment of ileal and
colonic strictures
I. Demedts (KUL, Leuven)

15.00 Large rectal adenoma:
should every endoscopist learn to perform ESD?
T. Ponchon (CHU, Lyon)

15.20 Video forum: 4 cases

16.00 End of the meeting
