

## Registration

BSGIE member	free
Non-members	25 euro
Fellows in training (non-members)	10 euro
Nurses	10 euro

Deadline January 25, 2010

Please pay the amount due before January 25, 2010 on the BSGIE account number 001-3446516-85 mentioning your name and "BSGIE SYMPOSIUM 2010".

## General information

Organisation: Dr Joris Arts - tel. 050 369040  
Coordination: AS Wirtz: tel. 0476 31 24 11  
info@bsgie.org - www.bsgie.org

## Call for videos

Submit a video of a unique endoscopic procedure. Videos (on DVD, max. duration 8 min.) should be sent before Decembre 15th to:

D. De Looze  
Department of gastro-enterology  
University Hospital Ghent  
De Pintelaan 185  
9000 Ghent

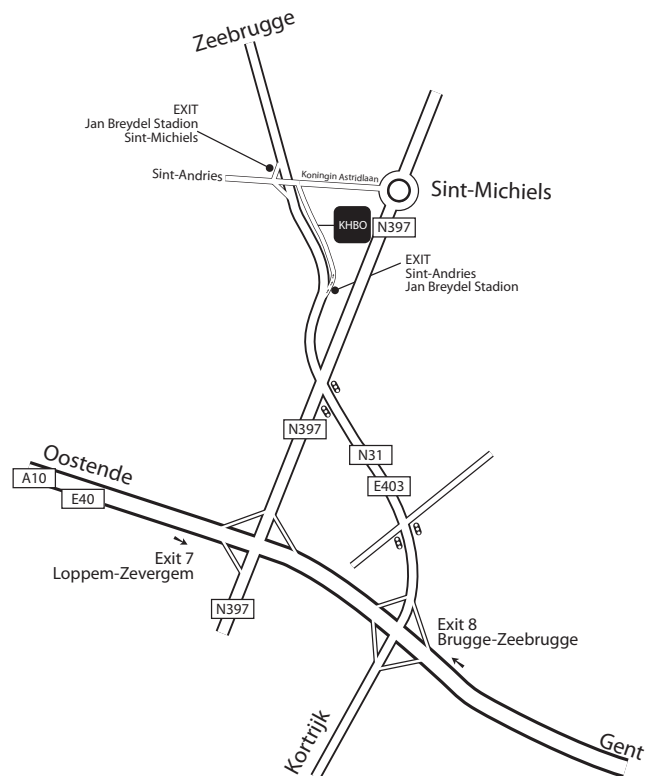

## Itinerary KHBO

**KHBO CAMPUS BRUGGE**  
Xaverianenstraat 10  
8200 Brugge

### Coming from Gent

- E40 Brussels-Oostende Exit 8: Brugge E403 -N31
- Expressway N31 Brugge-Zeebrugge
- Exit: Sint Andries - Jan Breydel Stadion  
Industriezone Vogelzang 72
- KHBO and parking after 100m on your right

GPS: Koningin Astridlaan, Sint Michiels Brugge

Belgian Society of Gastrointestinal Endoscopy

## Annual meeting 2010

**A WALK TROUGH  
THE GASTROINTESTINAL TRACT**

Saturday, January 30, 2010

**KHBO CAMPUS BRUGGE**  
Xaverianenstraat 10  
8200 Brugge

Under the presidency Prof. Dr. Pierre Deprez

# Introduction

Dear colleagues,

On behalf of the board of the Belgian Society of Gastrointestinal Endoscopy, I'm happy to invite you to our annual symposium 2010 which will be held in Bruges.

The last time the annual symposium was organised in Bruges was in 1987, and so it is more than time to return to this beautiful city.

The symposium will take place in the auditorium of the brand new premises of the KHBO, Katholieke Hogeschool Brugge en Oostende.

I believe we have created an interesting program: a walk through the gastrointestinal tract.

In each part we chose some evolving topics. As endoscopy starts to discover new horizons we have to keep in mind that for each procedure we should have a correct indication, adapted equipment and acceptable experience.

How can we make the diagnosis of reflux anno 2010, how should we treat Barrett and which stent should we use in the oesophagus?

Bariatric surgery is common practice nowadays; we have to deal with completely new endoscopic views and complications.

In the past, ERCP was performed on a regular basis as diagnostic tool. Today it is not so easy to build up experience. We hope to increase your performance with the tips and tricks from some experts in our country.

Nomenclature is changing and is often interpreted differently. The board of the BSGIE will give some information on the correct use of our nomenclature.

As medicine was already performed in the medieval city of Bruges we planned a lecture about this historical and interesting topic. This moment of culture will complete the scientific value of our congress.

We are looking forward to seeing you in Bruges.

Dr. Joris Arts

# Program

## Morning

08.30 Registration / Welcome coffee

09.00 Introduction  
J. Arts, AZ St-Lucas, Brugge

## Oesophagus

Chairs: V. Lamy, CHU, Charleroi  
P. van der Spek, OLV ZH, Aalst

09.10 Correct use of nomenclature for oesophageal procedures.

09.15 How to diagnose reflux in 2010?  
A. Hoffman, Johannes Gutenberg University, Mainz

09.40 Treatment algorithm for Barrett's oesophagus.  
R. Bisschops, UZ Gasthuisberg, Leuven

10.05 How to choose and place the ideal stent in the oesophagus.  
P. Siersema, UMC, Utrecht

10.30 Coffee break

## Stomach / Small intestine

Chairs: X. Dekoninck, Clin St-Pierre, Ottignies  
J. Deflandre, CHR Citadelle, Liège

11.00 Correct use of nomenclature for procedures in the stomach and small intestine.

11.05 When, how, where and how many biopsies should we take during upper endoscopy?  
I. Demedts, UZ Gasthuisberg, Leuven

11.30 Endoscopic treatment of complications of bariatric surgery.  
O. Le Moine, Hôpital Erasme, Brussels

12.05 Video Forum: 3 cases

12.35 General Assembly and Grant of the BSGIE

12.45 Lunch

## Afternoon

Chairs: P. Deprez, Clin Univ St-Luc, Brussels  
D. De Looze, UZ Gent

## Colon

13.45 Correct use of nomenclature for colonic procedures.

13.50 Screening of colon cancer in Belgium:  
• Screening in the South  
M. Buset, CHU St-Pierre, Brussels  
• Pilot trial in the North:  
G. Van Hal, UZA Antwerpen  
• Quality assessment of colonoscopy in Flanders  
G. D'Haens - Jaarke Vannoote (VUGE)

## Medical history

14.30 Medieval medicine in Bruges  
W. De Groot, AZ St-Jan, Brugge

## ERCP lecture

Moderators: P. Deprez and D. De Looze

15.00 Tips and tricks for managing complications during ERCP.  
Interactive session covering the management of large bile duct stones, duodenal perforation, the bleeding papilla and pancreas divisum.

Expert panel: • J. Devière, Hôpital Erasme, Brussels  
• W. Laeleman, UZ Gasthuisberg, Leuven  
• J. Vandervoort, OLV ZH, Aalst  
• M. Wittrwulghe, UZ VUB, Brussels

Topics : • Large stones  
• Pancreas divisum  
• Bleeding after ERCP  
• Perforation

16.15 Closing remarks  
P. Deprez, Clin Univ St-Luc, Brussels
